A different cookie is assigned to every AdWords customer. Cookies cannot be tracked via the websites of AdWords customers. We do not collect and process any personal data in the stated advertising measures. Google only provides us with statistical analyses. On the basis of these analyses, we are able to recognize which of the advertising measures used are particularly effective. We do not receive additional data from the use of advertising media. Moreover, we are unable to identify the users using this information.
- 4) Owing to the marketing tools used, your browser automatically establishes a direct connection with the Google server. We have no influence on the scope and further processing of the data that is collected by Google through the use of this tool, and we therefore inform you according to the level of information known: With the integration of AdWords Conversion, Google receives information that you called up the corresponding page of our website or clicked on one of our ads. If you are registered for a Google service, Google may assign the visit to your account. Even if you are not registered with Google or not logged in, there is the possibility that the provider finds out and saves your IP address.
- 5) You can prevent the participation in this tracking process in different ways: a) with a corresponding setting in your browser software, particularly the rejection of third-party cookies means that you do not receive any ads from third-party providers; b) by deactivation of cookies for conversion tracking by setting your browser so that cookies are blocked from the domain "www.googleadservices.com", <https://www.google.de/settings/ads>, whereby this setting is deleted when you delete your cookies; c) by deactivation of the interest-related ads from providers, which are part of the self-regulation campaign "About Ads", via the link <http://www.aboutads.info/choices>, whereby this setting is deleted when you delete your cookies; d) by permanent deactivation in your browsers Firefox, Internet Explorer, or Google Chrome under the link <http://www.google.com/settings/ads/plugin>. - 6) The legal basis for the processing of your data is Art. 6 Para. 1 Clause 1 let. f GDPR. 7.3 LinkedIn retargeting

So that we can use relevant news and ads on LinkedIn – and in order to measure our marketing success, we have installed the LinkedIn pixel on our sites – and thus the retargeting/remarketing tool of the social network LinkedIn Corporation, 2029 Stierlin Court, Mountain View, CA 94043, USA. When you visit our website and accept marketing cookies, a direct connection is established between your browser and the LinkedIn server via the LinkedIn pixel code. LinkedIn receives information that you visited our page with your IP address. This means that LinkedIn can assign the visit to our sites to your user account. We do not receive any information about the content of the data transferred, as well as its use by LinkedIn. And we are unable to assign this data to you as a person. More information about options for protecting your privacy on LinkedIn can be found in the privacy statements of LinkedIn online at <https://www.linkedin.com/about/privacy/>. If you want to deactivate the retargeting via LinkedIn for your browser, please use the opt-out function in the cookie setting.

8. Matomo

We use the open source software tool Matomo on our website to analyze the surfing behavior of our users. Matomo creates usage profiles based on pseudonyms. For this purpose, permanent cookies are stored on your terminal device and read by us. In this way, we are able to recognize and count returning visitors. We also use the heatmap & session recording modules. Matomo's heatmap service shows us the areas of our website where the mouse is most often moved or clicked. The

session recording service records individual user sessions. We can replay recorded sessions and thus analyze the use of our website.

Data entered in forms is not recorded and is not visible at any time. Your IP address is anonymized immediately after processing and before it is stored.

Data processing is based on your consent according to § 25 para. 1 TTDSG, Art. 6 para. 1 lit. a DSGVO, if you have given your consent via our banner. You can revoke your consent at any time.

For more information on Matomo's terms of use and data protection regulations, please visit: <https://matomo.org/privacy/>

9. Duration of storage

We shall only store your personal data for as long as is required for the intended purpose of data collection, or as required by law. The data is only stored beyond this period if this is required according to laws, rules, or other regulations of the European Union or a member state of the European Union, to which we are subject. More information can be found in the individual features of our website.

10. Data security

We apply appropriate technical and organizational security measures in order to protect your data against accidental or intentional manipulation, partial or full loss, destruction, and against unauthorized access by third parties (e.g. TLS encryption for our website) taking into consideration current technology, the implementation costs and the nature, scope, context, and purpose of the processing, as well as the existing risks of a data breach (including its probability and effects) for the data subjects. Our security measures are continuously enhanced in line with the development of technology. We are happy to provide further information in this regard upon request. Please contact our Data Protection Commissioner.

- **Object to any automated decision-making** about you which produces legal effects or otherwise significantly affects you. You will not be subject to decisions that will have a significant impact on you based solely on automated decision-making, unless we have a lawful basis for doing so and we have notified you. We do not envisage that any decisions will be taken about you using automated means, however we will update this privacy notice if this position changes.
- **Request the transfer of your personal data** to you or to a third party. We will provide to you, or a third party you have chosen, your personal data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.

You have the right to file a complaint at any time with the Danish Data Protection Agency the data protection supervisory authority about the processing of your personal data by us.
