

Ergonomic barcode reader with exceptional price/performance ratio

BVS HS-Q HANDHELD BARCODE READER – AN ECONOMICAL SOLUTION FOR INVENTORY AND LOGISTICS

BVS HS-Q handheld readers read all common 1D, 2D and stacked barcodes as well as postal codes in any orientation (tilted up to 40°) up to 40 cm away. With an IP 42 enclosure rating and excellent drop spec, they are ideal for reading codes on documents or labels in inventory and logistics applications. Additional features include: Reading on monitors, displays and moderately reflective backgrounds even while in motion. The operator-friendly, ergonomic and light weight (200g) reader is intuitive and simple to use. Simply, point and shoot. A successful read is confirmed by audible signal as well as an LED on the reader and an LED projected onto the read code.
